Graphic Designer | UI/UX Enthusiast | Front-End Developer

Profile

A motivated Graphic Designer and UI/UX Enthusiast with strong technical foundations from a Software Engineering background. Experienced in internships, part-time roles, and freelance projects covering graphic design, video editing, UI/UX prototyping, and front-end development. Skilled in turning abstract ideas into polished visuals and functional designs. Dedicated to continuous learning and building a solid portfolio to step into the creative industry.

Key Achievements

- Internship at PT Karamel Kreativindo (Jan–May): contributed as Graphic Designer, Video Editor, and Front-End Developer.
- Part-time design at consultant BantuinOnline, focusing on UI design and visual design for digital platforms.
- Freelance Graphic Designer & UI/UX: delivered custom solutions for small businesses and student-led projects.
- Freelance photography in multiple school events, capturing moments for promotional and documentation purposes.
- Created a Hand Language Detection project integrating technology and design as a showcase of innovation.

Core Competencies

- Graphic Design & Branding — brand identity, marketing collateral, campaign design
- UI Design — wireframing, prototyping, user journey mapping
- Front-End Development — HTML, CSS, JavaScript, Laravel
- Photography & Videography — event photography, editing, content direction
- Collaboration — cross-functional teamwork and creative problem solving

Professional Experience

Intern — PT Karamel Kreativindo | Jan – May

- Supported branding projects by designing digital and print materials.
- Edited video campaigns and created engaging short-form content.
- Contributed to front-end development tasks using HTML, CSS, and JavaScript.

Part-Time Designer — BantuinOnline

- Delivered UI wireframes and high-fidelity prototypes.
- Designed visual assets and graphics to support campaigns and branding needs.

Freelance Designer & Photographer

- Worked on freelance design and UI/UX projects for individuals and student organizations.
- Provided event photography services during school events with attention to detail and storytelling.

Education

SMK Nurul Iman — Software Engineering (Rekayasa Perangkat Lunak)

Portfolio Highlight

- **Digital Campaign — [BantuinOnline]:** Social media kit + short promotional videos.
- **Web Project — [Sustainara]:** Responsive landing page prototype for campaign use.
